
ADOPTION OF THE “POLICIES AND GUIDELINES FOR THE ON-THE-JOB TRAINING (OJT) PROGRAM FOR ENGINEERING AND IT STUDENTS”

WHEREAS, on-the-job training (OJT) is an essential component of the education and training of engineering and IT students, providing them with practical experience and industry exposure that prepares them for their future careers;

WHEREAS, the effective implementation of an OJT program requires clear and comprehensive policies and guidelines to ensure that students receive high-quality training and experience that meets the needs of both the students and the companies that host them;

WHEREAS, there is a need to establish clear standards and expectations for OJT programs for engineering and IT students to enhance their academic and professional development;

WHEREAS, the Policies and Guidelines for the On-the-Job (OJT) Training Program of Engineering and IT Students have been developed in consultation with industry experts, academic professionals, and relevant stakeholders, to ensure that they are practical, effective, and relevant to the needs of the industry and the students;

THEREFORE, be it **RESOLVED** that the adoption of the Policies and Guidelines for the On-the-Job Training (Program) of Engineering and IT Students is hereby approved to provide a framework for the effective implementation of OJT programs, which will enable students to gain valuable experience, develop their skills and knowledge, and prepare them for their future careers.

FURTHER, be it **RESOLVED** that all relevant departments and personnel are directed to ensure that the policies and guidelines are implemented effectively and consistently to ensure the success of the OJT program.

FINALLY, be it **RESOLVED** that the Policies and Guidelines for the On-the-Job Training (Program) of Engineering and IT Students shall be reviewed periodically to ensure that they remain relevant and effective, and that necessary updates and revisions are made as required.

APPROVED
